

LIST OF PAST DISSEMINATION ACTIVITIES

This table presents the past dissemination activities from April 2012 –September 2012.

Type of activities ¹	Beneficiary	Work Package	Title	Date	Place	Type of audience ²	Short description
Workshop	UA	1	SWAN Kick-Off Meeting	April 24-28, 2012	Tucson, AZ	Scientific community	University of Arizona/UMI CNRS hosted the Stakeholders Workshop (WP1 Participants Francina Dominguez and Xubin Zeng represented the Team Leader for UA, Hoshin Gupta, who was on sabbatical.
Workshop	UWE	2	SWAN Kick-Off Meeting	April 24-28, 2012	Tucson, AZ	Scientific community	Chad Staddon of UWE, project coordinator participated in this workshop.
Workshop	USE	3	SWAN Kick-Off Meeting	April 24-28, 2012	Tucson, AZ	Scientific community	Four members of University of Seville (Leandro del Moral, Belen Pedregal, Juanma Camarillo, Nuria Hernandez-Mora) participate in Stakeholders Workshop, presentation at the Department of Geography seminar, and other activities.
Workshop	CNRS	4	SWAN Kick-Off Meeting	April 24-28, 2012	Tucson, AZ	Scientific community	Graciela Schneier-Madanes, Aleix Serrat-Capdevila, Stuart Marsh and Marie-Louise Perez were part of the host team for the Workshop.
Workshop	NIGGG-BAS	5	SWAN Kick-Off Meeting	April 24-28, 2012	Tucson, AZ	Scientific community	Stoyan Nedkov, NIGGG-BAS project coordinator participated in this Workshop.
Workshop	UNESCO-IHE	7	SWAN Kick-Off Meeting	April 24-28, 2012	Tucson, AZ	Scientific community	Participation by Laszlo Hayde UNESCO-IHE project leader. Presentation, Stakeholders Workshop, Department of Geography Seminar, and other activities.
Interview	USE	3	Contact and confirmation of four Seville SWAN	April-July 2012	Seville	Civil Society	Foundation for a New Water Culture (FNCA), Spanish National Association of

¹ Publication, Conference, Workshop, Website/Application, Press release, Flyers, Article published in the popular press, Video, Media briefing, Presentation, Exhibition, Thesis, Interview, Films, TV Clip, Poster, Internal Meetings, Recruitment

² Scientific community (higher education, research), Industry, Civil society, Policy makers, Medias.

			stakeholders.				Public Water Utilities (AEOPAS), Andalusia Agriculture and Environment Directorate (Consejería de Agricultura y Medio Ambiente, Junta de Andalucía) and Consumers National Federation (FACUA)
Internal Meetings	UA	1,4	Planning Meetings	April 2012 - September 2012	Tucson, AZ	Scientific community	Regular planning meetings of the University of Arizona group and the UMI-CNRS members of WP4
Presentation	UNESCO-IHE	-	Introduction of new professor	April 2012-September 2012	UNESCO-IHE	Scientific community	New professor of Land and Water Development Prof. Charlotte de Fraiture into the SWAN project activities
Internal Meeting	UNESCO-IHE	-	Internal discussions	April 2012-September 2012	UNESCO-IHE	Scientific community	Internal discussion at UNESCO-IHE on PhD fellow / MSc student research involvement in SWAN; Decision and proposal on MSc students' research period involvement in SWAN. Proposal approved by SWAN Governing Board and the European Commission Project Officer; Selection of student to start research activity in SWAN, Santiago Urrestarazu Vincent, Uruguay; Formulation of research proposal of the MSc research, in line with the Inter-Work Package, cross-cutting role of UNESCO-IHE;
Interviews	NIGGG-BAS	5	Stakeholder Identification	May 2012-July 2012	Bulgaria	Scientific community Civil Society Policy makers	Stakeholders' identification and contact with selected institutions. Danube River Basin Directorate. West Aegean Sea River Basin Directorate, Directorate Water and Sewerage, Regional Inspectorate of Environment Velinko Tarnovo.
Internal Meeting	USE	3	University of Seville team meeting	June 2012	University of Seville	Scientific community	Work planning for WP3, scientific approach and timeline. (All team members and doctoral candidates).
Workshop/ Website	USE	3	Collaboration with the Observatory for the Implementation of the WFD of the Foundation for the New Water Culture (SWAN Stakeholder)	June 2012		Scientific community Industry Civil Society Policy makers	Collaborate in the organization of a series of workshops on spatial scale and administrative organization of water in Spain in the context of the WFD. Representatives of regional and local public administrations, user and stakeholder groups participate in these debates.)
Recruitment	NIGGG-BAS	1,4	Recruitment of PhD students	June 2012	NIGGG-BAS	Scientific community	Recruitment of a PhD Students: Kremena Boyanova was appointed as a PhD student from June 2012, Tania Trenkova joined the

							team as a researcher and will be appointed as a PhD student by the end of 2012
Workshop/ Website	USE	3	Collaboration with the Observatory for the Implementation of the WFD of the Foundation for the New Water Culture (SWAN Stakeholder)	June 2012	Barcelona (Spain)	Scientific community Industry Civil Society Policy makers	Collaborate with the FNCA in the organization of a series of workshops on spatial scale and administrative organization of water in Spain in the context of the WFD. Representatives of regional and local public administrations, user and stakeholder groups participate in these debates. http://www.fnca.eu/index.php/component/content/article/38-observatorio-dma/308-jornadas-debate-gla-organizacion-administrativa-del-aguag
Internal Meeting	NIGGG-BAS	1	Review of existing project	June-July 2012	NIGGG-BAS	Scientific community	Review of the existing projects and models (WP1) Tania Trenkova
Workshop	NIGGG-BAS	1,4	Data availability	July 2012	NIGGG-BAS	Scientific community	Characteristics and data availability of the Case study area of Yantra River basin, Stoyan Nedkov and Mariyana Nikolova
Presentation	NIGGG-BAS	5	Preliminary Assessment	July 2012	NIGGG-BAS	Industry Civil Society	Preliminary assessment of the water related ecosystem services, Stoyan Nedkov and Kremena Boyanova
Presentation	USE	3	Presentation of SWAN project	July 16-25, 2012	Munich	Scientific community	Presentation of SWAN project in the 15 th Intensive Programme Geography of Water, Erasmus-Socrates, meeting in Munich. (Leandro del Moral).
Presentation Conference	NIGGG-BAS	7	Presentation of SWAN Project	July 31 – August 3, 2012		Scientific community Industry Civil Society Policy makers	Presented at 5th Annual International ESP Conference “Ecosystem Services Come of Age: Linking Science, Policy, and Participation for sustainable Human Well-Being” by Stoyan Nedkov and Kremena Boyanova
Collaboration Mobility	NIGGG-BAS	1	Collaboration and Mobility to Tucson, AZ	August 6-14, 2012	Tucson, AZ	Scientific community	Visit of Stoyan Nedkov and Kremena Boyanova in Tucson and work meetings in the University of Arizona
Workshop	USE	2,3	Working Meeting	September 5-6, 2012	Seville	Scientific community	Working meeting with Chad Staddon (UWE) in Seville. Meeting focused on the relationships between WP2 and WP3 and on the organization of SWAN meeting in Bristol. (All team members and doctoral candidates)

Interview	UA	4	Meeting with prospective supporters/stakeholders	September 12, 2012	Bristol	Scientific community	Meeting in Bristol with Professor Wagener (U Bristol) and Dr. Phillipa Bayley (Cabot Institute) to discuss engagement in future SWAN activities and the proposed SWAN-SWC.
Workshop/ Website	USE	3	Collaboration with the Observatory for the Implementation of the WFD of the Foundation for the New Water Culture (SWAN Stakeholder)	September 2012	Zaragoza (Spain)	Scientific community Industry Civil Society Policy makers	Collaborate with the FINCA in the organization of a series of workshops on spatial scale and administrative organization of water in Spain in the context of the WFD. Representatives of regional and local public administrations, user and stakeholder groups participate in these debates. http://www.fnca.eu/index.php/component/content/article/38-observatorio-dma/308-jornadas-debate-gla-organizacion-administrativa-del-aguag
Workshop	UA	1	Bristol SWAN Workshop	September 13-15, 2012	Bristol	Scientific community	Hoshin Gupta participated and presented n the meeting on Integrated Modeling.
Workshop	UWE	2	Bristol SWAN Workshop	September 13-15, 2012	Bristol	Scientific community	Bristol hosted the Progress Meeting/Stakeholder/Governing Board Meeting. With a presentation of an Engagement Plan for Internal Project Team.
Workshop	USE	3	Bristol SWAN Workshop	September 13-15, 2012	Bristol	Scientific community	Participation of 5 Seville team members in Bristol SWAN Workshop and meeting. Leandro del Moral, Maria Fernanda Pita, Belén Pedregal, Juanma Camarillo and Nuria Hernández-Mora. Francesc La Roca, SWAN stakeholder in representation of FNCA, attended the meeting.
Workshop	CNRS	4,5,6,7	Bristol SWAN Workshop	September 13-15, 2012	Bristol	Scientific community	Graciela Schneier-Madanes, Franck Poupeau, Marie-Louise Perez, Aleix Serrat-Capdevila, and Judith-Anne Yandow participated in the workshop
Workshop	NIGGG-BAS	1,2,3,4	Bristol SWAN Workshop	September 13-15, 2012	Bristol	Scientific community	Mariyana Nikolova and Rumiana Vatsseva participated in the SWAN Bristol Workshop
Workshop	UNESCO-IHE	1, 2,3,4, 7	Bristol SWAN Workshop	September 13-15, 2012	Bristol	Scientific community	Preparation and Participation of two UNESCO-IHE team members in Bristol SWAN Workshop and meeting. Laszlo

							Hayde UNESCO-IHE project leader and Mishka Stuip project administrator attended the meetings. Dissemination and discussion on the first draft research proposal with SWAN partners in line with their Work Package (mainly WP2 and WP3) contents.
Workshop	USE	3,2	Meeting of Juanma Camarillo (WP3), Stoyan Nedkov, and Chad Staddon (WP2)	September 15-17, 2012	Bristol	Scientific community	Meeting to develop common approach on modeling tools, key databases and integration. September, presentation of the paper: "Modelo estadístico para la predicción del Índice Estandarizado de Sequía Pluviométrica (IESP) en Andalucía" ("Statistical model for prediction of Rainfall Drought Standardized Index (IESP) in Andalusia", by Maria Fernanda Pita Juan Mariano Camarillo et al
Workshop	UWE	3,2	Meeting of Juanma Camarillo (WP3), Stoyan Nedkov, and Chad Staddon (WP2)	September 15-17, 2012	Bristol	Scientific community	Meeting to develop common approach on visualization tools, key databases and integration.
Workshop	NIGGG-BAS	3,2	Meeting of Juanma Camarillo (WP3), Stoyan Nedkov, and Chad Staddon (WP2)	September 15-17, 2012	Bristol	Scientific community	Meeting to develop common approach on visualization tools, key databases and integration. Presentation of Ecosystem Services concept as a policy-oriented approach that ensures appropriate methodology for development of sustainability practice.
Interview	UA	4	Meeting with prospective supporters/stakeholders	September 21, 2012	Bristol	Scientific community	Meeting in Bristol with Professor Carrera-Ramirez (U Barcelona / IDAEA) to discuss engagement in future SWAN activities and the proposed SWAN-SWC
Internal Meeting	UNESCO-IHE	n/a	Internal Meeting	September 24, 2012	UNESCO-IHE	Scientific community	Internal meeting on SWAN project administration
Internal Meeting	UNESCO-IHE	n/a	Internal Meeting	September 27, 2012	UNESCO-IHE	Scientific community	Internal meeting on Development of potential Stakeholder participation in SWAN from the Netherlands; Financial coverage of Stakeholder participation in SWAN from the Netherlands; Potential Financial coverage of PhD research

							overrunning the time frame of the SWAN project; Planning of further discussions and meetings on these items with partner organizations of UNESCO-IHE
Presentation of Paper Conference	USE	3	Conference Cambio climático. Extremos e Impactos (Climate change. Extremes and Impacts)	September 2012	Spanish Association of Climatology and University of Salamanca Salamanca, Spain	Scientific community	Presentation of paper at conference on "Modelo estadístico para la predicción del Índice Estandarizado de Sequía Pluviométrica (IESP) en Andalucía" ("Statistical model for prediction of Rainfall Drought Standardized Index (IESP) in Andalusia", by Maria Fernanda Pita Juan Mariano Camarillo et al
Interview	USE	3,4	Meeting with Dr. Alberto Garrido of the Polytechnic University of Madrid and the Botín Foundation Observatory of Water	September 2012	Madrid (Spain)	Scientific community	Discuss possible collaboration with SWAN and future WRC. As a result of these discussions Professor Garrido's PhD student Gloria Salmoral has applied for a research stay at UA in Spring 2013 and will collaborate with USE SWAN team.

Maria Fernanda Pita in a session of the VIII Congreso de la Asociación Española de Climatología (VIII Conference of the Spanish Climatologist Association) held in Salamanca in September 22-25, 2012.
